

# II REGIONAL SUMMIT OF METHANE

LATIN AMERICA AND THE CARIBBEAN

## Agenda Day 1 - July 23rd, Lima - Peru

| Time          | Activity  |
|---------------|---|
| 08:00 - 08:30 | Registration and welcome  |
| 08:30 - 09:10 | Opening remarks   |
|               | Mitigation outlook for the energy sector in Peru  |
| 9:10 - 9:30   | High-level presentation on energy sector mitigation in Peru   |
| 9:30 - 10:30  | Panel to analyze the country's current situation in the energy sector and the mitigation outlook for the coming years, with a view to meeting its climate commitments.s.  |
| 10:30 - 11:00 | Coffee Break  |
| 11:00 - 11:15 | <b>COP 30 in Latin America: Brazil's path to a just and inclusive energy transition</b><br>Vision of the Ministry of Mines and Energy of Brazil regarding the abatement of emissions in the energy sector, within the framework of COP30.   |
| 11:15 - 11:35 | <b>Global Methane Tracker 2024 / 2025</b><br>Overview of methane emissions and the main findings of the Global Methane Tracker 2024 and 2025 for the global and regional context.   |
| 11:35 - 12:30 | <b>Progress of the OEMLAC</b><br>Presentation of the Observatory's progress since the First Summit, launch of the Community of Practice on Methane (COEMLAC) and progress in the Low Emission Natural Gas (LENG) certification process.   |
| 12:30 - 14:00 | Lunch   |
| 14:00 - 15:00 | <b>Corporate commitments to reduce methane emissions</b><br>Initiatives and commitments of energy, oil and gas companies to reduce methane emissions, highlighting success stories and opportunities for public-private collaboration in Latin America and the Caribbean and progress in complying with requirements established by markets or governments at the international level in terms of methane emission reduction. |
| 15:00 - 15:45 | <b>Climate transparency and the private sector: from reporting to impact</b><br>Pogress and challenges in climate transparency from the private sector, in compliance with international standards of reporting and monitoring, as well as the articulation with the government sector for the reporting, control and surveillance of their emissions and their incorporation into national GHG inventories.                  |
| 15:45 - 16:15 | Coffee break  |
| 16:15 - 17:30 | <b>Methane Regulation: Institutional challenges and regional experiences</b><br>Regulatory challenges for methane emission reduction and current experiences in developing regulatory frameworks.   |
| CLOSING DAY 1 |   |
| 18:00         | Cocktail  |

Place: Sheraton Lima Historic Center / Address: Paseo de la República 170, Lima, Perú, 15001

# II REGIONAL SUMMIT OF METHANE

LATIN AMERICA AND THE CARIBBEAN

## Agenda Day 2 - July 24th, Lima - Peru

| Time   | Activity   |
|--|--|
| 08:30 - 09:00  | Registration and welcome   |
| 09:00 - 09:50  | <b>Mobilizing resources for methane abatement</b><br>Strategies, funds and mechanisms currently in place to finance the implementation of actions to mitigate methane emissions in Latin America and the Caribbean.  |
| 09:50 - 10:30  | <b>Advancing the energy transition with biomethane</b><br>General outlook, opportunities, challenges and success stories associated with the production and use of biomethane as an alternative for the decarbonization of the energy sector.  |
| 10:30 - 11:00  | Coffee Break   |
| 11:00 - 11:30  | <b>Initiatives driving methane action</b><br>Presentation of initiatives focused on research on policies and regulatory frameworks for the reduction of methane emissions in the region, their alignment with international best practices, as well as on the current status of climate negotiations and the process of updating the NDCs.                           |
| 11:30 - 12:30  | <b>Innovation and technology for methane management in LAC</b><br>Latest technological advances available in the market for the monitoring and geolocation of super-emitting events, leak detection and repair, emission measurement, capture and energy use.<br><br>In addition to the challenges in terms of access to and transfer of technologies in the region. |
| Official closing of the 2nd Methane Summit to the public |  |
| 14:00 - 18:00  | <b>REGIONAL ROUNDTABLE TO MOVE FROM METHANE COMMITMENTS TO ACTION</b><br><b>International Energy Agency (IEA) - Community of Practice on Methane (COEMLAC)</b>   |

**Place:** Sheraton Lima Historic Center / **Address:** Paseo de la República 170, Lima, Perú, 15001
